* Allergens may be present at a trace amount due to unintentional cross-contact from the use of shared production equipment. If checked (√), allergen present in formulation.

** Does not contain wheat, rye, barley, triticale, spelt, kamut, and oats.

~ Contains Sodium Acetate (or Diacetate) for flavor enhancement.

+ Contains preservatives (TBHQ, BHT); currently only present in the lard used to fry our Grandma Utz Kettle Cooked Potato Chips

ALL NATURAL: Contains no ingredients on the unacceptable food ingredient list published by Whole Foods Markets: www.wholefoodsmarket.com/products/unacceptable-ingredients.php

GMO-FREE: USA standard. No DNA protein derived from genetically modified organisms, as verified by tests.

Important Notice: Utz Quality Foods does not manufacture any snack foods that contain protein derivatives from eggs, fish, crustacean shell fish, tree nuts or peanuts. We do distribute some Utz branded snacks manufactured by other companies that may contain traces of peanuts, as indicated on our allergen charts. Sesame seeds and corn are not considered major allergens under FDA's Food Allergen Labeling and Consumer Protection Act of 2004. Refined, bleached and deodorized (RBD) vegetable oils, derived from such allergens as peanuts and soybeans, removes the protein content, or is at least completely de-natured. Consequently, the FDA does not recognize RBD peanut and soybean oils as allergens.
